In the face of our recent orders, no further advance can be granted. I do not exactly understand what the further business is. If it is mere repayments of advances, of course no one has interdicted such business. If deposits are made and further loans are granted out of them, that may be allowed also.

What is asked for & recommended is only a small portion of the sanctioned loan still remaining unpaid.

This is a difficult matter, & the new Rules under consideration contain the principle of the present Rule, viz. a deposit of 10 or 12 p.c. should be at present practically met.

I would propose that an order may be issued declining to grant any further advance for the present but allowing the bank to do business with deposits and repayments, providing for repayment of a tenth of the fort[h] advance & interest every year.

This ~~might~~ would simply mean that the Bank should continue to be an institution only in name, and without being able to do any further good - I would show it some leniency & - am of opinion that ~~it~~ no apprehension of any loss to Government need be entertained the property-security being reported to be quite ample -

Re Agricultural Bank at Mandya.

The bank was inspected last by Mr. Chengayya Chetty in August 1901.

Further payments to the bank were stopped in 1898 (vide paper serial No. 4 in Revenue File 114 of 1895-96).

Out of Rs. 20,000 sanctioned the bank has drawn a net sum of Rs. 9700. The Dy. Comr. recommends the grant of a further sum of Rs. 2300 to make up Rs. 12,000. Under the present circumstances, the Deputy Commissioner's recommendation may be sanctioned subject to the affairs of the bank being set right completely.

Report on the Inspection of the Agricultural Bank at Mandya.

Date of Inspection 14th to 18th August 1901.

Since January 1898 when the working of this bank was reported upon in this office no 230 dated the 27th of that month, it was inspected by the Inspector on the marginally noted seven occasions, twice by the undersigned and 5 times by Mr. Ramaswamiyangar before this, to see whether the Bank authorities had rectified all the irregularities and mistakes noticed and pointed out to them, with a view to the submission of a final report in pursuance of Government order no 740 R. Ft. 114-95 dated the 16th April 1898. As the new office bearers were laboring under the disadvantage of not getting all the original records of the Bank from the Ex-President in his possession, they took time to gain experience for themselves and obtain instructions from this office and bring into order the affairs of the Bank which the Ex-President Annaraiah had left in confusion. irregularities noticed as far as they could and have placed the affairs of the Bank on a better footing, and what remains yet to be done, and, the undersigned feels certain, be attended to, if orders for the revival of its transactions are given.

(i) The Bank house which had not been originally registered has since been done so and is located in the upstairs of the Agent's Ker. Katuchari's house. ✓

(ii) Particulars as to the number of members of the Bank are given in the subjoined table:—

This increase in the number has been duly registered since. Nine of the new members are of Mangala, an unregistered village. The Agent promised to obtain the sanction of the chief-court to include this village within the Bank's jurisdiction, if the Bank is allowed to recommence its transactions.

Entrance fee from 24 of the new members has not been recovered. The Agent said that it could only be recovered if the Bank was allowed to transact business. It was pointed out to him that the entrance fee should have been recovered prior to admission.

This is very important. The Bank should be able to do it

Cash

(v) Cash Balance:- Limit prescribed in the articles of Association is Rs 500 and this limit was once exceeded since September 1897 at the time of collection

(vi) Limit of loans to individual Members:- As per para 42 of the Articles of Association the limit of 4th class loan is Rs 50, of other classes Rs 1000 and of total liabilities Rs 2000. In regard to the grant of loans, no limit seems to have been prescribed with reference to the value of property mortgaged. It has already been noticed that H Allikere Sheemeganda has not given enough security for the money obtained, but he has paid Rs 50 towards instalment and been paying interest regularly. He is said to be a solvent member. The Agent said he would take additional security & have a fresh document executed as soon as the Bank is allowed to work on.

(vii) Interest & Penalty:- The rates prescribed are as per articles of Association. The amount of interest due from members up to end of last half year was Rs 2,334-2-10. Out of which

a sum of Rs. 718:6:0 has yet to be collected. Interest for one half year is due to Government. Bad seasons for the last three years is the main reason urged by the bank.

(VIII) Instalments :- In 3 cases the whole amount is payable in 1 year in a lump sum
" — 1 — Do — within 3 years
" — 6 — Do — in 5 years by equal annual instalments
" — 8 — 1 — Do — 10 years — Do - Do -

The documents having at first been drawn up with the condition that the amount should be paid up at the end of 3 years without reference to payment of the loans by equal annual instalments, the Bank was advised to have the bonds renewed. Excepting 4 cases (3 payable in one year in a lump sum and one in three years) all the other bonds have been renewed. In these 4 instances, the Bank proposes to file suits against them as the parties are defaulters of the worst type. The amount that fell due is Rs 4,638 and that recovered Rs 980 In 13 out of 18 cases, no been recovered on

There was but a single case under joint promote taken on 19.4.97 and it was repaid in two instalments of Rs 100 and 25 on 15.7.98 & 18.3.99 respectively; and there are no cases of joint instalment bonds.

F.H. and L. Loans:-

Original - 18, amounting to Rs. 745. The bank seems not to know the system of renewal but has recovered mostly after due dates, Rs 655, and the balance of Rs 120 is nearly 4 years old.

Entries in the Registes of Applications for loans of all classes have been made with refernce to the documents executed, the orignal applicationsnot being available. They are said to be with the Ex-President.

(x) Mortage and other documents executed to Bank

The number of such documents is 18. When the Bank was first inspected by the undersigned, they were found to be not in proper form and the

Bank

Bank was therefore advised to draw them all up in the new form supplied from this office. This has been done in all cases except four. The executants of these four, will be put in court for reasons given above. All the documents have been registered. The amount secured by them is Rs 6850 and the extent of property mortgaged is 210-15-2 acres-G houses IX.

The security offered by Hallikere Chennagavida and Marikenchanna Chennagavuda for the loans obtained by them from the bank was remarked at the last inspection to be insufficient, and no additional security has yet been given. The present Agent has been directed to attend to this at once. The survey settlement of this Kayangutta village, having since taken place, the Agent says a fresh document including other lands will be taken from them IX. No documents are executed for the amount borrowed under class IV; but, signatures obtained in the Receipts book kept in the Bank.

No

No title deeds preserved in the Bank.
The Agent said there were none except
~~ting~~ pattas, which the members ha.
kept with them for reference.

3 General Remarks.

About ~~3 1/2~~ year ago, orders were issued
by Government for the discontinuance
of further payments to the Bank pendg
the rectification of all irregularities
noticed in the Inspection report dated
27th January 1898.

As will be seen from the detailed
notes given above, that most of the defects
noticed in the last inspection report
have since been rectified and that
the present Agent Venkatachary
who is in good circumstances and
who is anxious to make a name
by his disinterested work and who
is also likely to deposit Rs1000 +
influence others also to follow his
example, promises to bring up
everything into working order if
sanction is accorded for recom
-mencing the operations of the Bank

Cont

Out of Rupees 2,900 paid to the members residing in Honnalagere and adjoining villages (noticed in the last inspection report,) of which the former President is the Shanbogue and who is alleged to have overestimated the value of the lands mortgaged to the bank, a sum of rupees 700 has been paid by them; and I learn that the balance of Rs 2,200 represents not more than 50 percent of the value of these lands. In the statement submitted by Mr. Ramaswamiyangar to the Dy Commissioner, Mysore District with his No 154 dated the 31st March last (copy sent to Government with No 181 (X) 1-4-01) regarding the repayment of Government advances, he recommended that the bank might be allowed to continue its business to the extent of Rs 12,000 to meet the requirements of the old & new members.

(X) Dated 1-2 [illegible] connection with Office note 2 [illegible] on 9-10 01

The loan sanctioned by the Government for this bank was Rs 20,000, of which Rs 10,200 was drawn

drawn and disbursed to the mem
bers. A sum of Rs 500 has since bee
recovered and credited to the Treasu
The balance of loan now due b
the Bank is therefore Rs 9,700 and
I am also of opinion that the Ban
may be allowed to draw a further
sum of Rs 2,300 from the Treasury
to make up the loan to Rs 12,000.
The Agent will be asked to collect
as promised, deposits to supplemen
the Government loan and extend
the operations of the Bank if the
Government sanctions the above
proposals.

Proceedings of the Government of Mysore, Revenue, dated 28th July 1902.

READ—

Correspondence ending with letter No. 671, dated 19th February 1902, from the Deputy Commissioner, Mysore District, soliciting sanction to the Agricultural Bank at Mandya being permitted to resume its transactions and to draw from the Treasury Rs. 2,300, so that the total loan due to Government may be raised to Rs. 12,000.

No. R. 580-2—R. F. 114-95, DATED BANGALORE, 28TH JULY 1902.

ORDER THEREON.—Government are unwilling that this Bank, whose affairs seem to be improving under the management of the present Agent, should be denied the lenient treatment asked for and recommended. They are accordingly pleased to authorize the payment of the further advance applied for, *viz.*, Rs. 2,300, which would make up Rs. 12,000 out of the original loan of Rs. 20,000 sanctioned in its favor. It is gratifying to find that most of the defects noticed in the working of this Bank, which compelled Government to withhold further encouragement, have since been rectified; and that the Bank, which has now secured the services of a good Agent, promises to mend itself and prove the success it undoubtedly ought to be if properly managed. Government have a special interest in institutions of this kind, and they are unwilling to refuse them help, pecuniary or otherwise, so long as there is no mismanagement or mal-administration, and so long as the object they have in view, *viz.*, the relief of agricultural indebtedness with a stimulation of the effort for thrift and self-help, is duly appreciated and attained without any loss either to themselves or to the raiyats concerned.

An arrangement for the annual repayment of a portion of the advance, so that the whole of it may be repaid in course of a few years, and the Bank may become self-supporting with its own capital, should not be lost sight of and should always be kept in view.
